

THREAD CONVERSION LIST

Note: Our kits are tested to insure that you will have enough thread to stitch your design. However, if you have run out of a color, we would like to hear from you. Please contact us—we will be happy to send you enough to finish your stitching.

To use this list: Locate the color code number from your Dimensions color list or key. Use the appropriate DMC or Anchor number to purchase the thread colors you need. Every effort has been made to insure the accuracy of this list. Differences in dye lots and changes to color dying formulas can cause colors to vary. Some colors do not have an exact equivalent; the numbers given are the closest match possible. Some DMC colors are not available in all areas. In these cases, we have listed an alternate DMC color in parentheses—you may select either of the colors listed. Remember, this list is only meant to be a guide.
